

User Interface Lab 3 (Group 27)

Group Members

- Dylan Toh
- Wong Jia Kang
- Andy Low

Each Member Contributions

Andy:

Helped to create the breadcrumbs and add functionalities to it.

Dylan:

Find the photos and add it to each item description. Also made them be displayed in it grid format so that it is more organized and clearer to see. Modified the navigation bar to become a dark theme side bar so that it is more stylish.

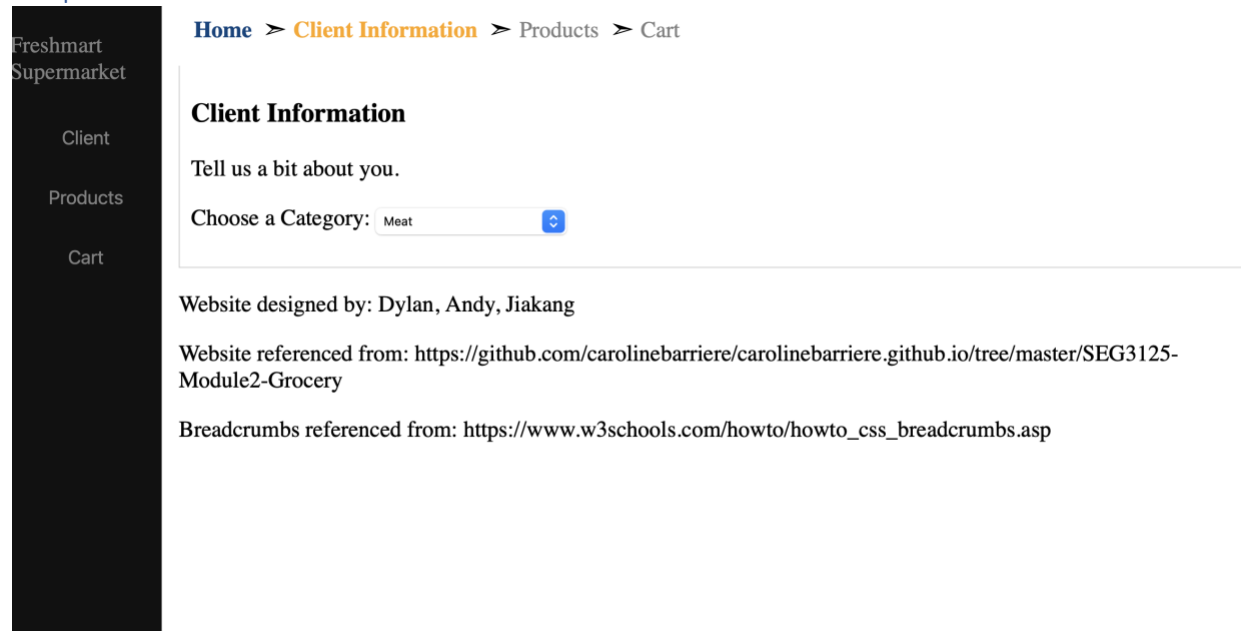

Jia Kang:

Did the additional filtering of other category products such as meat, dairy, vegetables, etc.
