Studio Stylist

Talented stylist who works in a studio setting, offering personalized hair styling services

Photos

★★★★★

Recently got a short haircut at Snipper and couldn't be happier! Alex the Master Stylist nailed the look I was going for, and the attention to detail was impressive. The cut is sharp, clean, and perfectly suits my face shape. Plus, it's easy to maintain, which is a huge plus for my busy lifestyle. Highly recommend Snipper for any guy looking for a top-notch short haircut!

★★★★☆

I recently visited Snipper for a hair coloring session, and I'm quite pleased with the results! Melissa listened attentively to my preferences and offered valuable suggestions. The final outcome was vibrant and precisely matched what I had envisioned. The salon's ambiance was relaxing, and the staff was friendly and professional. The only reason I'm not giving it a full 5 stars is that the process took a bit longer than expected. Nonetheless, I'm happy with my experience and would definitely return for future coloring services!
